Funding Opportunity for Climate Ventures

The UNICEF Venture Fund is looking to invest in Open Source frontier technology solutions that have the potential to create radical change for children. We are offering up to US\$100K in equity-free funding for early-stage and ready-to-deploy for-profit technology start-ups that can improve the lives of children. If your company is leveraging cutting-edge technologies such as artificial intelligence (AI), machine learning (ML), or blockchain, we want to hear from you!

We are specifically seeking companies registered in one of [UNICEF's programme countries](#) that have impressive working prototypes and a commitment to Open Source licensing and practices.

Women-led/founded startups and young founders are encouraged to apply.

Notes:

- Applications must be submitted in English.
- Women-led and women-founded startups are encouraged to apply.
- Youth-led startups (led by individuals younger than 35 years old) are encouraged to apply.
- **Application deadline: 11:59 PM (CET), 17 MAY 2026**

How did you hear from us and this call for applications? *

- ☒ UNICEF Website
- ☐ UNICEF Venture Fund team member
- ☐ Newsletter from Venture Fund
- ☐ UNICEF Country Office
- ☐ Cambridge Institute for Sustainability Leadership

Eligibility requirements

Please answer all the following questions

Is your company registered as a private for-profit company? *

- ☒ Yes
- ☐ No

Is your solution Open Source? *

- ☒ Yes
- ☐ No, but we are willing to Open Source
- ☐ No, and we are not willing to Open Source

In which country is your company legally registered? *

Nigeria

Diversity, Equity and Inclusion

We encourage applications from companies that are women founded/led and companies that are founded/led by youth (individuals younger than 35 years)

Is your company founded, co-founded by women? *

Yes

Having a woman as a founder or co-founder means she holds an ownership stake in the company and is actively involved in its governance and decision-making processes. She plays a substantive leadership role, contributes to strategic direction, and has meaningful influence over key business decisions. This includes active participation in shaping the company's vision, operations, and long-term growth, beyond symbolic or nominal involvement.

Please confirm the names of the woman founders in your main team: *

Eno Peters

Is your company founded or led by youth? (a person younger than 35 years old) *

☒ Yes

☐ No

Please confirm the names of the young leaders in your main team: *

Patrick Obumsele

Please provide the following information for the main members of your team: *

Full name	Position in the team	Year of birth	Nationality	Gender	Short Bio
-----------	----------------------	---------------	-------------	--------	-----------

1	Patrick O		1996	▼	Nigeria	Man	▼	ff
2				▼			▼	
3				▼			▼	
4				▼			▼	
5				▼			▼	

Name of company: *

Company's web page: *

Name of contact person: *

First Name

Last Name

Designation of the contact person in the company: *

Primary e-mail address: *

ex: myname@example.com

Confirm Email

example@example.com

Alternate contact person e-mail address: *

ex: myname@example.com

Confirm Email

example@example.com

In what year was your company founded? (Start of operations) *

Please Select

Proposal seeking to raise the funds

Which of the following is your solution addressing? (select all that apply) *

- ☐ Area 1: Strategic Planning: Optimize resource allocation for resilient infrastructure, local government and community preparedness
- ☐ Area 2: Early warning, Early Action: Immediate risk communication and protective measures for communities, schools and clinics; automated financial payouts during climate shocks
- ☐ Area 3: Health Care readiness: Shift from reactive crisis management to proactive localised surge planning
- ☐ Area 4: Point-of-Care Support: Enable case management and service continuity in low-connectivity zones while ensuring beneficiary data privacy and agency
- ☐ Other

What need or challenge is your solution addressing in your local context? *

Please be as specific as possible, including data where available (100 words minimum and 150 words maximum)

0/100

Describe the solution you are proposing and how it is solving the challenges you described in the previous question: *

(100 words minimum and 250 words maximum)

0/100

Select from the list below which technology(ies) are you using? *

- ☐ AI/Data Science
- ☐ AI and Blockchain
- ☐ Blockchain
- ☐ Other

How are you using the technologies? *

(100 words minimum and 150 words maximum)

0/100

What is the current technical status of your solution, and what needs to be done for pilot or implementation? *

(100 words minimum and 150 words maximum)

0/100

Describe the results of your prototyping and testing (quantitative and qualitative): *

(100 words minimum and 150 words maximum)

0/100

Provide a link to the GitHub or other open repository for your solution: *

Please note that repositories are a crucial part of the evaluation process. If your repositories are private, please ensure that access is granted to our user accounts when you submit this form—GitHub: @unicefinnovation and Bitbucket: venturefund@unicef.org. Rest assured, the information in your repositories will be used solely for the purpose of evaluating your solution for funding and will not be shared.

What are your project targets/milestones for the next 12 months?: *

(100 words minimum and 150 words maximum)

0/100

Who are your key partners and advisors (only list actual partners, write NA if non-existent) *

(150 words maximum)

0/150

How much are you seeking to raise with this proposal? *

e.g., \$90,000 USD

What was your company revenue last year? *

e.g., \$20,000 USD

Provide an overview of the capital and other contributions to the project (capital, human resources, assets, other investments and loans) *

(100 words minimum and 150 words maximum)

0/2

Would you like us to share your application with current and/or potential partners? *

☐ Yes

☐ No

Would you like to subscribe to the UNICEF Venture Fund newsletter to receive the latest funding and investment opportunities? *

☐ Yes

☐ No

Pitch

Upload the video to YouTube and provide the link in this response form: *

Please provide a 2-minute pitch video in English (or with English subtitles) that introduces your project and shows the current status of your solution. We encourage you to go beyond team introductions or talking-head presentations—we're particularly interested in seeing a demo of your solution in action, as this will help us better assess your readiness and potential to move forward in the next stage of the application and proposal process.
